SUBJECT INDEX

Adamantanes, formation of sulphur derivatives of - during electrophilic thiilation *E,E,E-* and *E,E,Z*-1,5,9-cyclododecatrienes 1, 25
Additives, study of adsorption of detergent-dispersion - on solid particles dispersed in oil using the method of electrical conductivity measurement 3, 141
Adsorption, study of - of detergent-dispersion additives on solid particles dispersed in oil using the method of electrical conductivity measurement 3, 141
Alkylthiophenes, thermodynamic analysis of reactions of catalytic heterocyclization of C_6-hydrocarbons and hydrogen sulphide to - 4, 229
Antioxidants, kinetic analysis of petroleum - 3, 136
Asphaltenes, fractionation of microelements during chromatographic separation of petroleum resins and - 3, 156
Asphaltenes, microelements in chromatographic fractions of petroleum resins and - from Russian crude oil 1, 10

Bitumens, group and chemical composition of - isolated from kirs of West Kazakhstan 3, 165
Brendane, synthesis of noradamantane by isomerization of brexane or - in the presence of acidic catalysts 4, 223
Brexane, synthesis of noradamantane by isomerization of - or brendane in the presence of acidic catalysts 4, 223

Carbon deposits, study of - formed on an Al–Co–Mo catalyst during hydrocracking and hydrorefining using derivatography 1, 45
Catalyst, study of carbon deposits formed on an Al–Co–Mo - during hydrocracking and hydrorefining using derivatography 1, 45
Catalysts, activity of - on the basis of polynuclear iron complexes in hydrocarbon synthesis from CO and H_2 2, 94
Catalysts, oxidative dehydrodimerization of toluene on lead-tin oxide - 2, 80
Co-catalysts, properties of - applied on a cobalt–aluminium spinel in hydrocarbon synthesis from CO and H_2 2, 100
Catalysts, synthesis of hydrocarbons from CO and H_2 on Co-calcium-alumina - modified with cupric oxide 1, 16
Catalysts, synthesis of noradamantane by isomerization of brexane or brendane in the presence of acidic - 4, 223
Catalytic properties, special features of - of Co-high-silica zeolites in the Fischer–Tropsch reaction 2, 108
Catalytic systems, codimerization of styrene with ethylene in the presence of - containing nickel N,N-diethyldithiocarbamate and diethylaluminium chloride 2, 84
Chlorination, liquid-phase oxidative - of tert-butylbenzene 3, 132
Cobalt-aluminium spinel, properties of Co-catalysts applied on a - in hydrocarbon synthesis from CO and H_2 2, 100
Codimerization of styrene with ethylene in the presence of catalytic systems containing nickel N,N-diethyldithiocarbamate and diethylaluminium chloride 2, 84

Cupric oxide, synthesis of hydrocarbons from CO and H_2 on Co-calcium-alumina catalysts modified with - 1, 16
Cycloparaffins, study of - by GC/MS 1, 36

Decomposition, kinetics of - (catalysed by copper metal) of hydroperoxides formed during oxidation of jet fuel 1, 20
Dehydrodimerization, oxidative - of toluene on lead-tin oxide catalysts 2, 80
Dehydrodimerization, relative reactivity of hydrocarbons in oxidative - 2, 77
Dehydrogenation, effect of impurities upon the rate of - of n-paraffins 1, 42
Derivatography, study of carbon deposits formed on an Al–Co–Mo catalyst during hydrocracking and hydrorefining using - 1, 45
Distillate, neutral hetero-atomic compounds of diesel - of Sakhalin crude oil 4, 216
Distillates, distribution of vanadium and vanadylporphyrins in petroleum - of different chemical types 4, 191
Distillates, sulphides and thiophenes of sulphur petroleum - 1, 50

Effect of impurities upon the rate of dehydrogenation of n-paraffins 1, 42
Electrical conductivity measurement, study of adsorption of detergent-dispersion additives on solid particles dispersed in oil using the method of - 3, 141
Ethylene, codimerization of styrene with - in the presence of catalytic systems containing nickel N,N-diethyldithiocarbamate and diethyluminium chloride 2, 84

Fischer–Tropsch reaction, special features of catalytic properties of Co-high-silica zeolites in the - 2, 108
Fractionation of microelements during chromatographic separation of petroleum resins and asphaltenes 3, 156

GC/MS, study of cycloparaffins by - 1, 36
"Green pigments", separation and spectrometric characteristics of - – anomalous components of petroleum vanadylporphyrins 1, 29

Heterocyclization, thermodynamic analysis of reactions of catalytic - of C_6-hydrocarbons and hydrogen sulphide to alkylthiophenes 4, 229
High-boiling arenes of paleozoic petroleum of West Siberia 4, 206
Hydrocarbon synthesis, activity of catalysts on the basis of polynuclear iron complexes in - from CO and H_2 2, 94
Hydrocarbon synthesis, properties of Co-catalysts applied on a cobalt-aluminium spinel in - from CO and H_2 2, 100
Hydrocarbons, relative reactivity of - in oxidative dehydrodimerization 2, 77
Hydrocarbons, synthesis of - from CO and H_2 on Co-calcium-alumina catalysts modified with cupric oxide 1, 16
C_6-Hydrocarbons, thermodynamic analysis of reactions of catalytic heterocyclization of - and hydrogen sulphide to alkylthiophenes 4, 229
Hydrocracking, study of carbon depositis formed on an Al–Co–Mo catalyst during - and hydrorefining using derivatography 1, 45
Hydrogen sulphide, thermodynamic analysis of reactions of catalytic heterocyclization of C_6-hydrocarbons and - to alkylthiophenes 4, 229
Hydroperoxides, kinetics of decomposition (catalysed by copper metal) of - formed during oxidation of jet fuel 1, 20
Hydrorefining, study of carbon deposits formed on an Al–Co–Mo catalyst during hydrocracking and - using derivatography 1, 45

Isomerization, synthesis of noradamantane by - of brexane or brendane in the presence of acidic catylysts 4, 223

Kinetic analysis of petroleum antioxidants 3, 136
Kinetics of decomposition (catalysed by copper metal) of hydroperoxides formed during oxidation of jet fuel 1, 20

Metal removal from petroleums and petroleum products 3, 117
Microelements in chromatographic fractions of petroleum resins and asphaltenes from Russian crude oil 1, 10
Microelements in petroleums of West Kazakhstan 3, 148
Microelements, fractionation of - during chromatographic separation of petroleum resins and asphaltenes 3, 156

Nickel, vanadium and - in petroleums of bituminous Tatar rocks 3, 146
Noradamantane, synthesis of - by isomerization of brexane or brendane in the presence of acidic catalysts 4, 223

Oil, microelements in chromatographic fractions of petroleum resins and asphaltenes from Russian crude - 1, 10
Oil, neutral hetero-atomic compounds of diesel distillate of Sakhalin crude - 4, 216
Oil, study of adsorption of detergent-dispersion additives on solid particles dispersed in - using the method of electrical conductivity measurement 3, 141
Oxidation, kinetics of decomposition (catalysed by copper metal) of hydroperoxides during - of jet fuel 1, 20

n-Paraffins, effect of impurities upon the rate of dehydrogenation of - 1, 42
Petroleum, high-boiling arenes of paleozoic - of West Siberia 4, 206
Petroleum, isolation of vanadium from - of the Kalamkas deposit using sulphonic acids 4, 202
Petroleum, structural features of vanadylporphyrins of - of West Kazakhstan 4, 196
Petroleum components, study of the chemical nature of - of high molar mass from Russian fields 1, 1
Petroleum products, metal removal from petroleums and - 3, 117
Petroleum resins, fractionation of microelements during chromatographic separation of - and asphaltenes 3, 156
Petroleum resins, microelements in chromatographic fractions of - and asphaltenes from Russian crude oil 1, 10
Petroleums, metal removal from - and petroleum products 3, 117
Petroleums, microelements in - of West Kazakhstan 3, 148
Petroleums, structural-group composition of resin substances of - in West Siberia 3, 125
Petroleums, vanadium and nickel in - of bituminous Tatar rocks 3, 146
Polynuclear iron complexes, activity of catalysts on the basis of - in hydrocarbon synthesis from CO and H_2 2, 94

Resin substances, structural-group composition of - of petroleums in West Siberia 3, 125

Separation and spectrometric characteristics of "green pigments"—anomalous components of petroleum vanadylporphyrins 1, 29
Separation, fractionation of microelements during chromatographic - of petroleum resins and asphaltenes 3, 156

Spectrometric characteristics, separation and - of "green pigments" – anomalous components of petroleum vanadylporphyrins 1, 29
Styrene, codimerization of - with ethylene in the presence of catalytic systems containing nickel N,N-diethyldithiocarbamate and diethylaluminium chloride 2, 84
Sulphides and thiophenes of sulphur petroleum distillates 1, 50
Sulphonic acids, isolation of vanadium from petroleum of the Kalamaks deposit using - 4, 202
Sulphur derivatives, formation of - of adamantanes during electrophilic thiilation of *E,E,E-* and *E,E,Z*-1,5,9-cyclododecatrienes 1, 25
Synthesis of hydrocarbons from CO and H_2 on Co-calcium-alumina catalysts modified with cupric oxide 1, 16
Synthesis of noradamantane by isomerization of brexane or brendane in the presence of acidic catalysts 4, 223

Tar, chemical composition of high resin petroleum - 2, 69
Tert-butylbenzene, liquid-phase oxidative chlorination of - 3, 132
Thermodynamic analysis of reactions of catalytic heterocyclization of C_6-hydrocarbons and hydrogen sulphide to alkylthiophenes 4, 229
Thermooxidative conditions, transformation of petroleum vanadylporphyrins under - 3, 170
Thiilation, formation of sulphur derivatives of adamantanes during electrophilic - *E,E,E,-* and *E,E,Z*-1,5,9-cyclododecatrienes 1, 25
Thiophenes, sulphides and - of sulphur petroleum distillates 1, 50
Toluene, oxidative dehydrodimerization of - on lead-tin oxide catalysts 2, 80
Transformation of petroleum vanadylporphyrins under thermooxidative conditions 3, 170
2,3,4-Trimethylbenzo[b]thiophen-1,1-dioxide in an oxidized cut of Romashkino crude oil 3, 174

Vanadium and nickel in petroleums of bituminous Tatar rocks 3, 146
Vanadium, distribution of - and vanadylporphyrins in petroleum distillates of different chemical types 4, 191
Vanadium, isolation of - from petroleum of the Kalamkas deposit using sulphonic acids 4, 202
Vanadylporphyrins, distribution of vanadium and - in petroleum distillates of different chemical types 4, 191
Vanadylporphyrins, separation and spectrometric characteristics of "green pigments" – anomalous components of petroleum - 1, 29
Vanadylporphyrins, structural features of - of petroleum of West Kazakhstan 4, 196
Vanadylporphyrins, transformation of petroleum - under thermooxidative conditions 3, 170

Zeolites, special features of catalytic properties of Co-high-silica - in the Fischer–Tropsch reaction 2, 108
